What does your company do and what services do you offer?

C.F. Crozier & Associates is a professional consulting engineering firm with expertise in many client sectors, including individual home owners, land developers, municipalities, golf courses and ski resorts.

Our services include:

Land Development Engineering;
Water Resources Engineering;
Transportation Engineering; and,
Structural Engineering.

How many people do you employ and what is the scope of your operation?

We employ 7 full-time personnel out of our Milton office who provide engineering services for our Milton and GTA-based clients, and technical support to our head office in Collingwood. We have doubled our staff since our Milton opening in September 2009 due to increasing demand for our services.

Are there any highlights or major initiatives your company would like to publicize?

Beyond the opening of our Milton office in September 2009, we are actively engaged in the community by attending business & community functions, charitable events, and educational seminars. We are continually seeking new ways of contributing to and being part of the community in which we serve.

What is your building size in square feet?

Our office is approximately 1800 sq.ft. and is located on the 2nd floor of 15 Martin Street in Carriage Square, at the corner of Martin St. & Main St.
